DIRECTOR'S REPORT

**TO
THE MEMBERS OF
BOHRA INDUSTRIES LIMITED
(Company under Corporate Insolvency Resolution Process)**

Bohra Industries Limited is under Corporate Insolvency Resolution Process (CIRP) of the Insolvency and Bankruptcy Code 2016 (IBC) in terms of Order passed by the Hon'ble National Company Law Tribunal (NCLT), Jaipur Bench with effect from 7th August, 2019. Its affairs, business and assets are being managed by the Resolution Professional Mr. Naresh Verma appointed as Interim Resolution Professional by NCLT vide its Order dated 7th August, 2019 and continued as Resolution Professional by the Committee of Creditors in its Meeting held on 5th September, 2019 under provisions of the Code.

Under Section 17 of the IBC 2016 the powers of the Board are suspended and the same are vested on the Resolution Professional, Mr. Naresh Verma.

The Twenty Third (23rd) Annual Report on the business and operations of the company together with the Financial Statements for the year ended March 31, 2019 is hereby submitted:

1. Financial Highlights (Standalone)

The Company's financial highlights for the year ended on March 31, 2019 are summarized below:
(Rs. in Lakh)

PARTICULARS	As at 31.03.2019	As at 31.03.2018

Earning per equity share:		
(1) Basic	(26.43)	4.86
(2) Diluted	(26.43)	4.86

During the year under review, the Standalone Net profit of the company after Taxation has decreased to Rs. -4028.43 lakh, as compared to Rs.740.63 lakh in the previous year. While the Standalone turnover of the company has also decreased to Rs. 9508.75 lakh as compared to Rs. 12542.01 lakh in the previous year.

Your Directors would like to shed some light on the facts that lead to accelerated financial crisis during this year

A. Delayed Renewal Of Working Capital Limits By Lender:

Company's renewal was done in February, 2017 with an enhancement of Rs. 5.00 Cr but with a clear understanding that this additional fund will be arranged from other Banks. Company tried its best but neither any PSU or private bank agreed to be part of consortium for such small portion of loan. Eventually existing lender gave this fund in two tranches and with a gap of 7-8 months. This delay and deficit made enormous impact on the working of the company with cascading effect into payment cycle.

The last application for renewal of working capital limits in the Bank was made in October, 2018 but it was surprisingly denied by the Committee, though strong recommendation was made by concern LHO of Udaipur Branch and assurance given to the management of the company, based on capex made for expansion by the company of Rs. 13.88 Cr. This capacity enhancement from 120,000 MT to 300,000 MT per year was completely done by internal accruals and fund raised from IPO. Bank has assured to provide the required working capital for enhanced capacity but not only renewal was delayed but even no amount was sanctioned for additional working capital requirement. The renewal without any change has been sanctioned in the last week of February, 2019 after six months of application.

B. Stringent Recovery of Tax Even When Concern Assessment Was Not Due:

Your company revenue model is divided into two parts. First one is coming from market through dealers and second which is received as price concession, known as subsidy, from Govt. given through manufacturers to farmers and paid by Govt. to mfrs.

The ratio between two is around 60:40 and profit of the company ranges from 4% - 6% of sales. Your company has always shown profits since its inception and corporate tax payment was sometimes delayed but paid with interest due to liquidity issue with company as Govt. never pays the subsidy in time. Your company has also taken this matter to Hon'ble High Court twice but unfortunately could not succeed in convincing court about this financial burden on company.

In the first week of February, 2019 company has faced survey for recovery of payment of Income Tax for the financial year 16-17, 17-18, based on self assessment filed by company. A considerable amount as tax was paid immediately, but Department did the unthinkable in its effort to recover the dues, by writing directly to the debtors of the company to stop payment of dues to company and instructed them that due payment to be paid directly to Department. This resulted in debtors delaying or even refusing to make payments citing all excuses. This had a immediate effect of drying of cash flow of the company. Not only payments were delayed but demands for credit notes of their losses due to non supply of material in season time and of losses of yesteryear's were raised by dealers, some disputed, some imaginary, like loss of material etc. to be settled before balance dues were paid to company.

Your company has filed a writ against Union of India for equality and removal of discrimination

facing in paying taxes with interest. Interest is always levied by the IT on delayed payment and even interest is also levied on delayed payment of interest. Subsidy and Income tax both are governed by MOF, yet no respite was observed from the court. We were made to pay interest on delayed payment to Govt. but we never received interest on delayed payment from Govt.

C. No Site of GST Refund:

Fertilizer produced by your company is attracting 5% GST whereas the input tax which is available on various raw material and parts come to around 12% - 13%. This differential allows credit surplus lying in the GST account. Further the invoice is issued on MRP leaving the portion of subsidy, therefore there is always huge credit available as GST refund. Your company could not receive even a single refund payment which has now reached to over Rs 2.00 Cr by the end of financial year but no payment is received by company. Non receipt of refund made a major dent on liquidity and working of the company.

Fertilizer trade, being voluminous in the terms of physical movement require continuous transportation and as per rule transportation attracts RCM and to be deposited in cash irrespective of the fact that credit is available in main GST account.

As per rule of GST, it is to be charged on MRP where as fertilizer MRP includes delivery up to gate of farmers. Thus this price already include transportation and for which company is already paying GST but unfortunately despite many representation still RCM is not allowed to be adjusted against credit available. This means GST is paid twice on transportation. Your company has paid quite a considerable amount against this additional payment of GST on transportation in cash.

D. Government Subsidy on Fertilizer:

Govt. of India, based on a letter of Indian Potash Limited which was a major buyer of Fertilizer from our company from year 2001 to 2010 has stopped the subsidy and deducted an amount of Rs.2.11 Cr from the claims of March 2016 which has come for payment during the financial year 2018-19. M/s Indian Potash Ltd., has already claimed this money in their counter claim filed when your company has filed a claim in Arbitration Court. M/s Indian Potash Ltd., received an award in their favor where all dues are already considered given to your company. This action of Ministry of Chemicals & Fertilizers has been challenged in the High Court and is still pending but this has further made an impact on liquidity of the company.

E. Direct Benefit of Transfer Of Subsidy:

Govt. of India, has announced earlier that subsidy will be released directly to farmers and all fertilizer companies were quite relaxed that with this mechanism, funds will no more be blocked due to delay by govt in late release of payment. But Government has made things more complex by changing the norms that unless the material is not actually sold to farmers no subsidy will be released. Earlier the

fertilizer is parked at retail level chain, and claims were entertained by the department. Now this change has further made a major dent in liquidity of the company as on an average now blocked funds duration has gone to 60 days

F. Reconciliation and Forced Settlement with Debtors:

Post Income Tax recovery surveys at the premises of the company and instruction issued to all the dealers of the company to not release payment directly to the company has made the situation further cumbersome for settlement and reconciliation with debtors account of such expenses as adjustment for secondary freight, re-packing, go-down rent, tractor trolley advertisement, cut and torn bags replacements made in earlier supplies way back 4 – 5 years now has to be accepted for present recovery since all means of liquidity channel are blocked. All Bank accounts were frozen by IT department till further notice. Therefore your company has to accept and issue credit notes to dealers and wholesalers and the same was duly discussed with power of settlement given to marketing department for this period. Around Rs. 12.00 Cr of additional credit notes had to be issued during the year 2018-19 for above expenses debited by dealers earlier and no credit notes were issued earlier, in efforts to recover debts.

G. Deterioration of Stock:

Fertilizer Control Order which is an operational manual to run the fertilizer manufacturing companies issued by GoI, do not allow to keep off grade fertilizer in factory nor company's are allowed to transport it from factory. During the year company decided to reconcile its inventory and made a detailed inventory survey and it was observed in the last week of March 2019 that a considerable quantity of material is lying at various locations and to ensure that the standard material lying is not mixed with the non standard lying outside whose water solubility has reduce during rainy season. This non standard material can be dispose off now as filler only.

During the physical verification by lenders representative, the status of the material were shown and photographs of the material getting washed away with rain water were provided to them as evidence of the same, as there is steep natural slope in the land. As we have witness, after the closer of the financial year, excessive rains till writing of this report, a big quantity of the material got washed away as a result of this. Also, the material gets contaminated with water and its nutrient water solubility is reduced considerably since it has been lying there in open during rainy seasons. Your company will be taking necessary corrective action in current financial year 2019-20 for disposal of such non standard material to avoid any legal issues in the future.

2. Change in the nature of business

There has been no change in nature of business of the Company during the financial year.

3. Dividend

In view of loss suffered by the Company, your Directors regret their inability to recommend any dividend for the financial year ended 31st March, 2019.

15. Explanations or comments by the Board on every qualification, reservation or adverse remark or disclaimer made—

1) By the Statutory auditor in his report:

Qualified opinion:

- a. *The company has taken policy for gratuity and premium payments have been made regularly against the policy by the company however it has been noticed by us that coverage of policy is insufficient therefore company should expand the coverage of the policy. Additional premium to expand the coverage has to be ascertained and that extra premium payable will increase the figure loss up to that extent.*

Board Comment: This point is self-explanatory and need not require any further explanation.

- b. *Valuation of Inventories has been done on the basis of average purchase price method whereas the AS-2 on “Valuation of Inventories” issued by The Institute of Chartered Accountants of India has prescribed valuation method as cost or net realizable value whichever is lower. The impact on loss could not be ascertained.*

Board Comment: Due to huge quantity of inventories at different prices not possible for the Company to do valuation of Inventories at cost or net realizable value whichever is lower therefore Company is doing valuation of Inventories on average price method.

- c. *Substantial amount advances for materials, services and capital goods were outstanding as on 31st March 2019. The confirmation from parties to whom these advances are given has not been made available to us. Out of such advances, provision for doubtful advances should be recognised in respect of advances outstanding for a period of three years or more where no movement has taken place and no confirmations are available. Adjustment, if any, is not ascertainable and will be provided on identification of such parties.*

Board Comment: The Company has not received any balance confirmations from parties.

Following are the major parties and reason of outstanding as on March 31, 2019:

i. Advance extended for purchase of land adjoining to your company’s unit

Your company has extended a proposal for major diversification and expansion plan based on license received from Pollution Control Department for installing red category other fertilizer

production which are consumed in country through imports only. Lenders based on the Techno Economic Viability Study made by Dun & Bradstreet Information Services India Private Limited (“D&B-India”) has sanctioned a term loan on project of Rs. 125.00 Crores in the month of July, 2016.

There has been a clear-cut condition that company has to bring Rs. 10.00 Crores of collateral before disbursement. In line with this company has made arrangement with two companies having land and building on its both side in view of long term advantage and made agreement by given advances to M/s Bohra Pratisthan Pvt. Ltd., amounting to Rs 2.80 Crore, against the purchase of Rs 10 crore assets vide Agreement dated December 6, 2016. Same was company has made an agreement with M/s Aditi Speciality Packaging Pvt. Ltd. to purchase of land valuing Rs 8.00 crore and give an advance of Rs. 2.54 Crore vide Agreement dated December 7, 2017. Unfortunately the lenders did not co-operate further and the expansion plan has been halved for liquidity crisis.

The agreed terms for buying such assets was to make the payment within the time frame but your company could not make it in time resulting in the amount got stucked. Although both the assets are in control of your company till date.

ii. Recovery of money extended to M/s Arnold Holdings Ltd.

Immediately after IPO company wanted to go for expansion and diversification as lenders has already sanctioned the loan arrangement for the project of Rs.125.00 Cr. Company wanted to have arrangement of working capital since lenders in its sanction has categorically shown their inability to provide any working capital for expansion cum diversification. Arnold Holding has assured that they will be able to arrange the desired working capital within the shortest period and they will be getting commercial papers too to reduce the interest burden of the company duly enjoyed from lenders.

After no proper proposal was made by Arnold Holdings during this period your company tried for recovery of advance given, but no major break could be achieved, The company has taken serious view for recovery of dues by filing a case against Arnold Holdings.

- d. *During the course audit of it has been observed by us that there has been a following demand against Rajasthan Value Added Tax Act 2003 for assessment year 2014-15 & 2015-16 of Rs. 55,99,197.00 and 25,62,783.00 respectively. These demands have been made by the concern assessing authority against non receipt of declaration forms from various dealers who made purchases form company on concessional rates. In our opinion the company should debit the difference amount of tax to the account of respective dealers to whom supplies were made at concessional rate of tax and recover the amount along with penalty if any imposed by the assessing authority. The balance of sundry debtors will increase by above amount.*

Board Comment: During current law framework Goods and Service Tax are applicable and Company had tried to obtain Form-C from concern parties but the same were never provided and in the present scenario it is not possible for the Company to obtain Form-C from them.

Emphasis of Matter:

- a. *The Balances of Sundry debtors, creditors and advances along with all other personal accounts whether in debit or in credit are subject to confirmation, reconciliation and adjustment, if any in books of accounts.*

Board Comment: The Company maintains good relations with their debtors, creditors and other parties and Company do not take any balance confirmations from parties on regular basis. Also Company has requested from them to confirm their outstanding balances but they did not provided any confirmation.

- b. *The amount payable to Small and Medium enterprises as on 31st March 2019 is not ascertainable.*

Board Comment: As per information available to the Company no singleparty has confirmed to the Company about registration under the Micro, Small and Medium Enterprises Development Act, 2006 and nonehas given information of MSME registration to the Company.

- c. *It has been observed while going through various marketing policy pronounced by the concern department of company to accelerate the sales as a part of strategy there has been an incentive provided to customers who are lifting material in quantities on incremental basis. Company has not provided various quantity discount by issuing credit note to its customers in citing the explanation of non-adherence of timely payment where as there are few major customers who was regularly reminding for credit notes based on schemes floated in the beginning of the financial year.*

Board Comment: Looking at the present financial position of the Company, Company is not in the position to consider and provide any discount or incentives to their customers.

All other comment in report of the auditors is self-explanatory and do not required any other significant comment thereon.

2) By the company secretary in practice in his secretarial audit report;

According to Section 204 of the Companies Act, 2013 and Rule 9 of Companies (Appointment and Remuneration of managerial Personnel) Rules, 2014 (including any statutory modification(s) or Re-enactment thereof, for the time being in force), every listed company is required to obtain 'Secretarial Audit Report' from an Independent Practicing Company Secretary. 13. The Income Tax Act, 1961
14. Companies (Cost Records and Audit) Rules, 2014
15. Indian Stamp Act, 1899

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with BSE and NSE Stock Exchange(s).

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that

The Board of Directors of the Company was duly constituted with Managing Director, one Executive rotational Director, one woman independent Director and one Independent Director. However the company was required to appoint one more rotational director and Chief Financial Officer for part of the year. During the period under review, following changes took place in the composition of the Board of Directors:

1. Mr. Deepak Babel has resigned from the directorship of the company w.e.f. 30.09.2018
2. Mr. Chandra Prakash Agrawal, Independent director of the company was redesignated as Professional Non Executive Director w.e.f. 12.10.2018 has resigned from the post w.e.f. 07.03.2019
3. Mr. Nand Kishore Goyal, Chief Financial Officer of the company has resigned from the post w.e.f. 01.08.2018.
4. Mr. Hemant Kumar Bohra was re-appointed as Managing director of the company, subject to approval of members, for a period of five years w.e.f. 08.03.2019.

Adequate notice has been given to all the directors to schedule the Board Meetings, Committee Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for meaningful participation at the meeting. All Decisions at board meeting and Committee meetings have been carried out as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OVERVIEW:

Incorporated in 1996, our Company M/s. Bohra Industries Limited is a publicly listed company and an ISO 9001: 2008, ISO 14001: 2004 and OHSAS 18001: 2007 certified Company which is engaged in the manufacturing of Phosphate fertilizers such as Single Super Phosphate (SSP) & Granulated Single Super Phosphate (GSSP). Our Company also undertakes trading of Single Super Phosphate (SSP), Granulated Single Super Phosphate (GSSP), Rock Phosphate and other fertilizers depending upon the demand of the customer.

Our manufacturing facilities are fully automated and PLC controlled and is located at Umarda, Udaipur Rajasthan. Our Company is well equipped with in-house testing laboratory to test from raw material to finished products as per quality standards and relevant chemical composition as per the required norms specified in Fertilizer Control Order (FCO). Our in-house testing laboratory regulates and monitors the quality of fertilizers mixtures, packing, marking on the fertilizers bags. The final product has to pass special quality test to ensure that it is of the requisite quality and contains the requisite chemical composition. We use BOPP laminated multi colored woven bags for packing of our products. These bags are very attractive, distinct and stand apart in looks from other bags and are easy to handle and facilitates easy stacking as well. Apart from providing quality products at an affordable cost, our company also emphasizes on the product reach through its distribution network. Company has set up vast marketing network all over the Country for easy availability of fertilizers to farmers and presently operating in seventeen states across the country. The company has built Market capabilities and Distribution network to meet out the requirement in domestic markets & continually strives to enhance market presence as well as explore new markets & territories for growth.

INDIAN ECONOMY OVERVIEW:

Agriculture, in India, is the largest sector of economic activity. It provides food, raw materials and above all, the employment to a very large proportion of population. The national output depends on the output in agriculture, as it is one of the most dominating sectors in India. For the same reason, it has to provide the capital required for its own development and make available surplus for national economic development. At the same time, the exports of primary produce earn valuable foreign exchange which can be used to import capital goods for the development of industry and infrastructure. Because of all these reasons, an improved and efficient agriculture is a necessity in our economy. The vital role of agriculture arises out of the position the agrarian sector occupies in the overall economy of the country. 80 percent per cent of the population resides in the rural areas and 72 per cent of the work force depends on agriculture for their livelihood.

Agriculture is the back-bone of the Indian economy, and hence, the very existence of economic activities of entire population in the country is dependent on the state and health of its agriculture sector. Since last 40 years, the fertilizer industry in India has grown tremendously. The Government is keen to see that fertilizer reaches the farmers in the distant and hilly areas. This is the reason why it has been decided to decontrol the prices, distribution and movement of phosphate and other fertilizers. Some steps are implemented to assure an increase in the supply of chemical fertilizers at reasonable prices. In India, Fertilizer Industry is accelerating fertilizer consumption by fixing, on the one hand, low and similar price for identical nutrient in fertilizers, and on the other hand providing the manufacturers ample compensation through the retention price and subsidy scheme through NBS. Due to such corrective steps, the fertilizer nutrient demand has gone up. Govt. has initiated DBT for farmers which would further push the consumption in long run and ease up blocked funds of manufacturers with government and improve working of the fertilizer sector.

OUTLOOK AND PROSPECTS:

Fertilizer is the most crucial substance to soil to improve plants' growth and yield. First used by ancient farmer's and since then fertilizer technology has evolved significantly in last few years as the chemical needs of growing plants were discovered. Modern synthetic fertilizers are composed mainly of nitrogen, phosphorous and potassium compounds and the secondary nutrients are added. Company has recently forayed into premium Zincated SSP. The use of synthetic fertilizers has significantly improved the quality and quantity of the food available today and additionally the government's ambitious target of doubling the farmer income by 2022 will further boost the consumption of fertilizers.

(1) Industry structure and developments:

The fertilizer industry in India consists of three major players; The Government owned Public Sector undertakings, Cooperative Societies like KRIBHCO, IFFCO and units from Private sector. There are about 33 major producers producing N, NP and NPK fertilizers in the country at present. There are about 106 SSP fertilizer manufacturers producing almost 3600K MT. The fertilizer industry of India had made constructive use of the fertilizer subsidy provided by the Government of India to ensure that the country achieved reasonable self sufficiency in food grain production. The fertilizer industry has organized itself through Fertilizer Association of India to coordinate with the Government of India to achieve the macro-economic objectives related to agricultural sector and to provide other services. Indian fertilizer industry has succeeded in meeting almost fully the demand of all chemical fertilizers.

CONCERNS:

Our Company's future costs and revenues will be determined by demand/supply situation, government, policies, subsidies available and prices of raw material.

Risk and Government policy risk, competition risk: In the fertilizer industry and pretty much any other commodity. Companies' revenue depends on fertilizer prices and the quantity of fertilizer companies sell. Fertilizer prices are driven by industry capacity, rivalry (competition among firms), and marginal producers cost, proximity to customers, inventory, and demand. Demand, in turn, is driven by fertilizer prices, crop economics, currencies, cycles, economic activity, and macro factors like subsidy programmes of government. Crop economics consist of factors like crop inventory, crop demand and supply, and crop prices, which depend on economic activity, food consumption, diet patterns, crop yields, nutrient application, weather, plantation, and energy consumption.

OUTLOOK:

It's universally accepted that the use of chemical fertilizer is an integral part for raising the agricultural production to a higher level. Studies conducted by the Food and Agricultural Organization of the United Nations (FAO) have established beyond doubt that there is a close relationship between the crop yields and fertilizer consumption. More over the nutritional requirement of different crops could not be fully met with the use of organic manures like FYM and other bulky organic manures like neem cake, castor cake, groundnut cake etc. for want of their availability in adequate quantities. And increasing agriculture production by increasing cultivation area is no longer possible as cultivable and left over is only marginal and decreasing. Further a considerable cultivable land is being diverted year after year for housing and industrial etc. Hence self sufficiency in food lies in increasing the yield per hectare through adoption of modern agricultural technology. Fertilizers have the advantages of fast movement in bulk and need based.

Internal Control Systems and their adequacy:

The Company has clearly laid down policies, guidelines and procedures that form a part of the internal control system which provide for automatic checks and balances. The Audit committee reviews the effectiveness and efficiency of these systems to ensure that all the assets are protected against loss and that the financial and operational information is complete and accurate.

Audits are finalized and conducted based on the internal risk assessment. Significant findings are brought to the notice of the Audit committee of the Board and corrective measures recommended for implementation. Our work opportunities and competitive compensation policy helps us in attracting and retaining our personnel.

Human relations:

The company lays special emphasis to the human resources function in our organization and believes. The company has an elaborate performance evaluation system in place involving goal setting, and periodic reviews involving confirmation and annual reviews.

The review sessions impress upon several aspects of the professionals careers such as career and competency development, financial rewards and recognition. We endeavor to link careers to competencies, individual preferences and organizational needs.

The compensation package has a fixed component and a variable component linked to the corporate and individual performance.

Safety:

Safety management is integrated with the Company's overall environment, health and safety (EHS) management system and zero accident is taken up as the Company's goal. The following measures have been taken by the Company:

- Identification of hazard and risk present in work environment and its rectification.
- Continuous monitoring of unsafe condition and unsafe acts through safety inspection.
- Safety induction training for all employees and specific job safety awareness programs on a continuous basis.

Our factory is well equipped with required facilities including machinery, crane, conveyor belt, other handling equipment to facilitate smooth manufacturing process and easy logistics. We endeavor to maintain safety in our premises by adhering to key safety norms. Our manufacturing process is completely integrated from procurement of raw materials and final testing and packing of fertilizers for direct use of our customers.

Environment friendly operations:

Environmental protection is a prime concern for us and we are aware of our core responsibility to the society in this regard.

Cautionary Statement:

Statements in the Management Discussion and Analysis Report describing the Company's objectives, projections, estimates, expectations may be forward looking statements within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. Important factors that could make a difference to the Company's operations include, among other things, economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in Government regulations, tax laws and other statutes and incidental factors.

The Company is under Corporate Insolvency Resolution Process (CIRP) of the Insolvency and Bankruptcy Code 2016 (IBC) in terms of Order passed by the Hon'ble National Company Law Tribunal (NCLT), Jaipur Bench with effect from 7th August, 2019. Its affairs, business and assets are being managed by the Resolution Professional Mr. Naresh Verma appointed as Interim Resolution Professional by NCLT vide its Order dated 7th August, 2019 and continued as Resolution Professional by the Committee of Creditors in its Meeting held on 5th September, 2019 under provisions of the Code.

AUDITOR'S REPORT

TO,

**THE MEMBERS OF
BOHRA INDUSTRIES LIMITED**

Report on the stand alone Ind AS financial statement.

We have audited the accompanying stand alone financial statement of Bohra Industries (The Company), which comprise the Balance Sheet as at 31st March, 2019, the Statement of Profit and Loss and the Cash Flow Statement for the year ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the stand alone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these stand alone Ind AS financial statements based on our audit. We have taken into account the provision of the act, the accounting and auditing standards and matters which are required to be included in audit report under the provision of the act and rules made there under. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the stand alone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal financial control relevant to the Company's preparation and fair presentation of the stand alone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the stand alone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the standalone Ind AS financial statements.

Basis of qualified opinion

1. The company has taken policy for gratuity and premium payments have been made regularly against the policy by the company however it has been noticed by us that coverage of policy is insufficient therefore company should expand the coverage of the policy. Additional premium to expand the coverage has to be ascertained and that extra premium payable will increase the figure loss up to that extent.
2. We are unable to observe the physical inventories of Finished Goods, Semi Finished Goods, stock in Trade and consumable stores and spares due to the size and nature of the inventories and we are also unable to satisfy ourselves by alternative means concerning the inventories held on 31st March 2019. As informed to us no physical verification of inventory was conducted by the management during the year however the internal auditor M/s Jain Kothari & Co. appointed by the company has given his Stock verification report as on 31st March 2019. There is no deviation in closing stock verified by him and books of accounts as on 31st March 2019.
3. Valuation of Inventories has been done on the basis of average purchase price method whereas the AS-2 on "Valuation of Inventories" issued by The Institute of Chartered Accountants of India has prescribed valuation method as cost or net realizable value whichever is lower. The impact on loss could not be ascertained.
4. Substantial amount of advances for materials, services and capital goods were outstanding as on 31st March 2019. Out of such advances, provision for doubtful advances should be recognised in respect of advances outstanding for a period of three years or more where no movement has taken place and no confirmations are available. Adjustment, if any, is not ascertainable and will be provided on identification of such parties.

5. During the course audit of it has been observed by us that there has been a following demand against Rajasthan Value Added Tax Act 2003 for assessment year 2014-15 & 2015-16 of Rs. 55,99,197.00 and 25,62,783.00 respectively. These demands have been made by the concern assessing authority against non receipt of declaration forms from various dealers who made purchases from company on concessional rates. In our opinion the company should debit the difference amount of tax to the account of respective dealers to whom supplies were made at concessional rate of tax and recover the amount along with penalty if any imposed by the assessing authority. The balance of sundry debtors will increase by above amount.

Emphasis of Matter:

1. The Balances of Sundry debtors, creditors and advances along with all other personal accounts whether in debit or in credit are subject to confirmation, reconciliation and adjustment, if any in books of accounts.
2. The amount payable to Small and Medium enterprises as on 31st March 2019 is not ascertainable.
3. It has been observed while going through various marketing policy pronounced by the concern department of company to accelerate the sales as a part of strategy there has been a incentive provided to customers who are lifting material in quantities on incremental basis. Company has not provided various quantity discount by issuing credit note to its customers in citing the explanation of non adherence of timely payment where as there are few major customers who was regularly reminding for credit notes based on schemes floated in the beginning of the financial year.

Our opinion is not qualified in respect of this matter.

Qualified Opinion

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matter described in the basis for qualified opinion paragraphs above, the standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2019;
- in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date; and
- in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ('the Order) issued by the Central Government of India in terms of sub section (11) of section 143 of the Act, we give as given in the 'Annexure A' statement on the matters specified in paragraphs 3 and 4 of the Order,
 - 1 As required by Section 143 (3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the balance sheet, the statement of profit and loss and the cash flow statement dealt with by this Report are in agreement with the books of account;
 - d) in our opinion, the aforesaid financial statements comply with the standalone Ind AS Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - e) on the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164 (2) of the Act; and
 - f) with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure B'; and
 - g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company has disclosed the impact of pending litigation on its financial position in its stand alone Ind. AS financial statement which would impact its financial position;
 - ii. the Company did not have any long term contracts including derivative contracts from which there were any material foreseeable losses;
 - iii. There are no amounts which are required to be transferred to investor education and protection fund.

Annexure A to Independent Auditors' Report

Annexure A referred to in our Independent Auditor's Report to the Members of Bohra Industries Limited on the standalone Ind AS financial statements for the year ended 31st March 2019.

1. (a) The company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.

(b) The company has a phased programme of physical verification of its fixed assets which, in our opinion, is reasonable having regard to the size of the company and the nature of its assets. In accordance with such programme, the management has physically verified its fixed assets during the year and no material discrepancies were noticed by them and the same have been properly dealt with in the books of account. However physical verification of additions to electrical installations made during the year was not done and therefore cannot be commented upon.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the company, the title deeds of the immovable properties are held in the name of the Company.

2. The inventory has been not been physically verified by the management during the year. However the company has obtained a physical verification certificate from internal auditor of the company at the end of the year who has verified the approximate quantity of the stock. In our opinion, the frequency of such verification is not reasonable and looking to the nature of and quantity of Inventories it is our opinion that the company should conduct physical verification of inventory at least once in a year and material discrepancies if any should be reported.

During the course of audit of the company we have also tracked stock audit reports of stock auditor appointed by Bank from time to time and internal auditor appointed by the company. We did not find any material findings for reporting barring minor variation for which company has duly explained its version viz. There has been a variation of quantity in stocks, dispatches, billed under transportation, subsidies and such reconciliation are made on these four months interval. There has been no half yearly or annual variation observed while conducting the stock reconciliation.

3. The Company has granted unsecured loans, to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act, 2013. In our opinion and according to information and explanation given to us:

(a) Terms and conditions of the grant of loan are not prejudicial to the Company's interest.

(b) The company has granted loans that are re payable on demand. We are informed

that the company has not demanded repayment of such loan during the year, and thus, there has been no default on the party to whom money has been lent. The payment of interest has been regular.

(c) There is no amount of loan granted to companies and firms or other parties listed in register maintained under section 189 of the Companies Act, 2013 which is overdue for more than 90 days.

4. In our opinion and according to information and explanations given to us provisions of section 185 and 186 of the Companies Act, 2013, in respect of loans, investments, guarantees and securities given have been complied with by the company.
5. The Company has not accepted any deposits, within the meaning of provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Thus, paragraph 3(v) of the Order is not applicable to the company.
6. We have broadly reviewed the books of account maintained by the company in respect of the product covered where, pursuant to the Rules made by the Central Government, the maintenance of cost records has been prescribed under section 148(1) of the Act. In relation to fertilizer industry and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records with a view to ensuring whether they are accurate or complete.
7. (a) According to the information and explanations given to us and on the basis of our examination of the books of account, the company have not been regular in depositing the undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as applicable with the appropriate authorities and there have been significant delays in many cases. According to the information and explanations given to us, there were undisputed amounts payable in respect of the above dues which were outstanding as at 31st March, 2019 for a period of more than six months from the date of their becoming payable.

Annexure B to Independent Auditor's report of even date on the standalone Ind AS Financial Statements of Bohra Industries Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Bohra Industries Limited ("the Company") as of 31 March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that , in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company ;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements .

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected . Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

1. The procedure of physical verification of Inventory of finished goods, semi finished goods, WIP and consumable stores followed by the management are not reasonable and adequate in relation to the size of the company and the nature of its business.
2. The Company did not have appropriate internal control system over debtors and creditors confirmation and reconciliation of balances with parties. This could potentially result in material misstatements in company's trade receivables and trade payables.

3. The Company does not have adequate system to monitor and operate the control of depositing undisputed statutory dues with appropriate authorities. This could potentially result in levy of interest and other penal provisions of statutes and have a significant impact on functioning of the Company.
4. There is a material weakness with regard to control over advances given to supplier of goods and services. The control with regard to subsequent settlement of advances is ineffective and as a result many parties to whom advances have been given are unsettled. Further there is no control system over confirmation and reconciliation of balances with parties. These could potentially result in write off of advances and have an impact on financial statement of the Company.

In our opinion, except above qualification the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31,2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India .

The shares of the Company are listed on NSE EMERGE – SME Platform.

Note : 2

2. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation of financial statements

- i. The financial statements have been prepared on the basis of the Historical Cost Convention and in accordance with generally accepted accounting principles, provisions and Accounting standard notified under section 133 of the Companies Act, 2013 read with Rule 7 of Companies (Accounts) Rule, 2014.
- ii. The company follows mercantile system of accounting and recognises income and expenditure on accrual basis unless otherwise stated hereinafter
- iii. All the assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013.
- iv. Use of Estimates:
The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and expenses during the reporting period. Actual results could differ from those estimates. Any revision to accounting estimates is recognized in the period in which such revisions are made.

b) Fixed assets:

- i. Fixed Assets are stated at cost of acquisition including taxes, duties, freight and other incidental expenses related to acquisition and installation of the concerned assets and net off cenvat.
- ii. Advances paid towards the acquisition of fixed assets, outstanding at each balance sheet date are disclosed under long term loans and advances.
- iii. Capital work in progress comprises of cost of Fixed Assets that are not yet ready for their intended use at the reporting date.

c) Depreciation:

The depreciation on fixed assets is provided on straight line method in accordance with schedule II of the Companies Act, 2013 on a pro-rata basis commencing from the month of addition.
